### General Grant Awakes Even Stronger and Brighter Than He Did Yesterday.

### His Condition so Favorable that Immediate Medical Attendance Has Been Dispensed With.

### Queen Victoria Enquires After the General's Health---A G. A. R. Testimonial.

*A QUIET NIGHT.*

*A Further Improvement in General Grant.*

By Telegraph to THE SENTINEL.

NEW YORK, April 9.—The Grant household was quiet and undisturbed all last night.

Between 11 o'clock and midnight General Grant fell asleep and except by coughing occasionly his sleep was continuous until 7 this morning. He then aroused himself for the day, took nourishment plenteously and well. After the morning treatment of his throat, the patient walked about his room. His mind was clear at waking and afterward. During the night Dr. Shrady and family enjoyed a long sleep.

NO MEDICAL ATTENDANCE NEEDED.

The general's condition was so favorable to-day that the physicians deemed immediate medical attendance not necessary. Through the entire day no bulletins will be issued till after the consultation at 4 p.m.

THE FIRST BULLETIN.

8:30 a. m.—General Grant slept eight hours during the night and awoke feeling much refreshed. Pulse 64 and reasonably full; temperature normal.

[Signed] SHRADY.

APPREHENSIONS AT EASE.

3:10 a. m.—Senator Chaffee said an anodyne was administered to General Grant at 9 o'clock and he was sleeping at 10. Mr. Chaffee said that a reoccurrence of the hemorhage was regarded so improbable that apprehensions were at ease on that score.

G. A. R. SYMPATHY.

David J. Mallon, commander of the Lafayette post G. A. R., which General Grant was an honorary member, called during the morning. He brought a set of resolutions enclosed in a case of polished oak lined with plush and bearing the monogram "U. S. G." in silver on the outside and G. A. R. and post badges in gold and enamel on the inside. The resolutions were handsomely engrossed and contained expressions of appreciations of the general's service and sympathy with the family.

AN ENQUIRY FROM QUEEN VICTORIA.

NEW YORK, April 9.—A message from Queen Victoria to Mrs. Grant was received last night, signed by the Marchioness of Ely, saying: "The queen, who feels deeply for you in your anxieties, commands me to inquire after General Grant." To-day Col. Fred Grant replied. "Mrs. Grant thanks the queen for her sympathy and directs me to say General Grant is better."

*Major Harrison Talks.*

By Telegraph to THE SENTINEL.

CHICAGO, April 9.—Carter Harrison says: "My plurality will be from 570 to 800, as far as my information goes. I would be glad of a contest. I do not see why I did not get a larger vote in the republican wards."

STOLE A BALLOT BOX.

CHICAGO, April 9.—The municipal election has been complicated by the theft of a ballot box from the third precinct of the third ward. The box was stored in a livery stable, where the balloting occurred, but the stable was broken open and the box carried off. The precinct returned 575 for Smith and 256 for Harrison. The theft is supposed to have been for the purpose of concealing some irregularities. The republicans have decided to contest Harrison's election.

*A Striker Shot.*

By Telegraph to THE SENTINEL.

CHICAGO, April 9.—Just before noon one of the strikers of the McCormick reaper factories attempted to stop one of the company's busses on its way to the works. A Pinkerton detective inside the bus shot the man dead. Trouble is feared.

*Moody and Sankey.*

PITTSBURG, April 9.—The christian convention under the auspices of the evangelists, Moody and Sankey, opened at Fifth Avenue music hall this morning. Six thousand people were present.

*Cyrus W. Field, After Fifty Years of Active Business in New York City, Retires.*

By Telegraph to THE SENTINEL.

NEW YORK, April 8.—Mr. Cyrus W. Field has resigned as one of the executive committee of the Manhattan railway company, and to-day of the executive committee of the Western Union Telegraph company. This he does to carry out the purpose long since known to his friends, of retiring when he had completed fifty years of active business in New York. He came to this city in April, 1835, a boy of fifteen. After half a century, he feels that he can claim a release, and though he retains his interest and remains a director in both companies, he wishes to throw the active management on young men. His eldest son takes his place as a member of the executive committee of the Manhattan company. Mr. Field sails next month to spend the summer abroad.

*The Toledo Campfire.*

By Telegraph to THE SENTINEL.

TOLEDO, April 3.—At the campfire of the Forsythe Post G. A. R., to-night Ex-President Hayes in referring to General Grant said:

"We all feel that a great gloom is upon us, but it is not all gloom. Taking all that we hear about General Grant; all that we hear said about him and all he says, is it not upon the whole a beautiful death? Did we not all read to-day of his little grand child whom he lifted to his arms and kissed. Every day of the month is one of Grant's anniversaries and the anniversary of one of his victories. We can not differ in regard to the war. The years from '61 to '64 are the best of any man's life who fought on the right side during that war. It can be said of that man (Grant) that for four years he risked his life on the side of right.',

*Killed in a Street Car.*

By Telegraph to THE SENTINEL.

CINCINNATI, April 8.—In Newport, Ky., to-day, a coroner's jury found that John Cumming, who was killed by George McMillan in a street car, yesterday morning, came to his death at the hands of George McMillan, and that the murder was premeditated. Excitement is intense and threats of lynching are heard. The cause of the shooting, as given by the murderer, is that the victim had seduced his daughter. Since that statement was made both McMillan and his daughter have admitted that she was a mother before young Cummings ever met her.

*The Opera Festival.*

By Telegraph to THE SENTINEL.

CHICAGO, April 8.—An audience of 6,000 was present at the Opera Festival to-night. When Mlle Nevada made her debut here in "Mirella," she was given a warm greeting and after concluding the aria in the second scene of the first act, was rapturously cheered and at the close of the act, was recalled three times. Scalchi joined in the honors of the night and was also warmly applauded. The attendance upon the operas has in nowise diminished, and the statement is made that every seat in the body of the house has now been sold for the entire season.

*AFGHANS SLAUGHTERED.*

*The Russian Troops Massacre a Mounting Detachment.*

By Cable to THE SENTINEL.

ST. PETERSBURG, April 9.—General Komeroff reports that in consequence of hostile manifestations by the Afghans he was compelled to attack them. They were posted upon both banks of the river Kushk, in fortified positions. The fight occurred on the 30th of March. The Afghan force, which consisted of four thousand men with eight guns, were defeated with a loss of 500. All the artillery, two standard banners, the entire camp outfit, and all the provisions of the Afghans were captured. The Russian loss was three soldiers killed and twenty-nine wounded. When the fighting ended General Komeroff returned across the river to the positions he had formerly occupied.

GREAT EXCITEMENT IN LONDON.

LONDON, April 9.—There is great depression in financial circles this morning. The leaders of the street now feel that war is certain.

Consols which closed last night at 97 7-16, for both money and accounts, opened this morning at 96⅞ for both. Russian securities have declined three points since last night.

12:30 p. m.—Consols have made further heavy declines, and the feeling upon the street is decidedly panicky. Consols are now quoted at 95. Russian securities made a further decline of three points.

1 p. m.—The feeling is slightly better and consols have advanced to 95⅞.

1:30 p. m.—Consols have again receded to 95.

A PANIC IN LONDON.

Paris advices say that 3 per cent. rentes are informally quoted at 76f. 75c.

There is great excitement on the London stock exchange, amounting almost to a panic, over the news of the fight in Afghanistan, which is regarded as equivalent to a declaration of war.

Forign funds are demoralized. Russians are quoted at 82¼.

12:30 p. m.—Russian securities continue to fall rapidly.

AN ACCOUNT OF THE BATTLE.

A dispatch to the London *Times* from Gubron, dated April 3, states that the Russians, while making a pretext of changing the position of their outposts on the Afghan frontier, attacked Penjdeh, March 30, and drove the Afghans out of their position. The Afghans stubbornly resisted their assailants. Two companies held one position against the Russians until its defenders were killed.

The Afghans retreated to Waranchak in perfect order.

The Russians made no pursuit. The Russian losses are said to be great.

The India office has received no official dispatches concerning the battle between the Russians and Afghans.

STILL LOWER.

LONDON, April 9, 3 p. m.—Consols 95.

3:30 p. m.—Consols 94¾.

LONDON, April 9.—Baron DeStall, the Russian ambassador, believes that the fighting in Afghanistan is even more serious than has been reported in the dispatches.

M. Lessar said that the Afghans caused the fight through attacking a number of Russian pickets and driving them from their posts.

THE CABINET COUNCIL.

LONDON, April 9, 4 p. m.—The cabinet council is now sitting and the result of its deliberations is awaited with the greatest anxiety.

CAPTURED PENJDEH.

LONDON, April 9.—The *Telegraph* in its fourth edition states that the gravity of the news from the Afghan border has not been in any degree dignified by the advances received by the government. It has a dispatch from Alaliacad, which states that General Komeroff, after his victory, occupied Penjdeh, which has long been held by the Afghan garrison.

GLADSTONE'S VERSION.

LONDON, April 9.—Parliament reassembled to-day after the Easter recess. In the house of commons Mr. Gladstone confirmed the intelligence of the battle between the Russians and Afghans and said that from the information which the government received the Russians have apparently been guilty of an unjustifiable attack on the Afghans. England has demanded from Russia a full explanation in regard to the affair.

FOR SERVICE.

TORONTO, April 9.—The news of the Russian battle created great excitement here. Old soldiers are preparing for active service.

*The Missing Delphi Woman.*

Every rumor regarding the whereabouts of the missing Mrs. Harley, of Delphi, has been traced to its origin, without leading to any satisfactory results. The woman supposed to have been seen near Xenia was evidently a myth, for no trace of her could be found by the searching party. The Delphi *Times* says: "But two theories remain that present any plausible features. One, started by some of the relatives and many citizens, is that she has perished. She was frail and in bad health, and exposure to the recent weather could easily produce fatal results. The other, believed by many people, is that she has been spirited away and hidden in the hope of the offer of a large ransom." Mrs. Haley is advertised here and her photographs hang in the depots.

*Police Court Progress.*

There was a motley array at the mayor's court this morning. The lobby was packed and the marshal had to stop a dog fight in the room. The prosecuting attorney presented the following program, naming the prisoner, offense and the officer who made the arrest:

*AMERICAN MARKETS*

*Jump up on the Receipt of War News from Europe--Exciting Scenes.*

By Telegraph to THE SENTINEL.

CHICAGO, April 9.—There was a war panic on the the 'change at the opening, produced by the exciting news from London and St. Petersburg. A rapid decline in consols indicated the crisis.

May wheat, which closed last night at 84 cents, rose by stages of ¼@¾ cent to 88¼, where the market rested, and then under free offerings dropped to 86¼, rose again to 86¾ and is now quoted at 86¼, but with very feverish feeling and prices fluctuating wildly.

Other markets took an excited tone, though in a modified degree. Corn rose to 44 for May, but fell back to 43¾. Oats are firm at 32¼ for May. Pork, May, rose to $12 30 and is now $12 25.

The heaviest buyers in the pits were "shorts." There was a sharp call for margins, but thus far no failures have been reported. Some of the heaviest traders on the 'change, but who are seldom seen on the floor, were present this morning to personally superintend their purchases and sales.

10:15 a. m.—May wheat, 86¼; May corn, 43¾.

2:30 p. m.—The trading this afternoon on the board was simply a prolongation of the excitement of the morning. Higher prices prevailed. Market closed: May wheat 88½; corn 44¼, oats 33¾; pork $12.40; lard $7.02½.

THE NEW YORK MARKET BOOMS.

## A MYSTERIOUS DISAPPEARANCE.

In these days of mysteries and disappearances, it is comforting to know that bank cashiers are not the only fugitives. There are old tormentors who are not defaulters. Some of them stay much longer than they are wanted. In fact, they are not wanted at all; and the only gratification in connection with their history is when they get out and go away.

The experience of Mr. Isaiah T. Smith, of Chicago, shows how an unwelcome intruder may sometimes take sudden leave, and be very welcome in his going.

Mr. Smith is a resident of Waukegan, Ill., a few miles out of Chicago, and comes to town every day in the duty of his regular business, which is that of a miller and a dealer in flour. His face and form we regularly see "on change," where he is well-known to the business men of the city.

Mr. Smith had an old tormentor. That tormentor has disappeared. The mystery of its disappearance is best told by Mr. Smith himself, in a conversation which he had with one of our editors who recently visited him. Mr. Smith is a cheery gentleman, of nearly three score and ten, and gave his account substantially as follows:

"For a good many years rheumatism had its hold on me. For five years I was continually a martyr to it. With every change of the weather I had severe attacks. These were chiefly in the chest, but somewhat in the arms. For a considerable while I could not dress myself. My shoulders gave me almost constant pain, so much so that I could not, with any degree of comfort, lean back against a chair, or against the wall. The pain interfered with my sleep. Sometimes at night a paroxysm would take me suddenly. There were times at which my pains were so great that I thought I could not live an hour.

"Friends and doctors prescribed and advised almost everything on earth. I tried a great many of the things recommended. I dieted; I gave up smoking; I took morphine, and many other medicines. Nothing gave me anything better than temporary relief, until I took Athlophoros. At the time I took this remedy, the rheumatism had attacked my stomach with neuralgic pains and cramps; so you see that my case was a very severe one.

"I took Athlophoros exactly as directed, only a double dose, for my pains were so very severe. Very soon the pains mysteriously disappeared. After a while they returned, coming at regular periods, and each time with less force. Then they went all away, and since that, I am happy to say, they have never come back again.

"I think my case a remarkable one. How Athlophoros acts I don't pretend to say; I only know it acted on me. I had rheumatism so badly that sometimes I would wake in the night and tell my wife I couldn't live till morning. Athlophoros cured me.

"Do you want to know about my daughter-in-law? Well she had "milk-arm." Her arm was swollen as large as two arms ought to be. When the swelling abated, she was taken with severe rheumatic pains. These pains took her in the wrist and shoulders principally. Athlophoros acted on her as promptly as it did on me. I kept on giving it to her as long as she had any suffering. She had suffered for weeks. This was last Fall, and since that she has had no pains, nor any inconvenience, except a slight stiffness in the wrist.

"Our milkman, Mr. G. W. Corkendall, had rheumatism so badly that he had to have his little girl go around in the wagon with him and deliver the milk. I gave him Athlophoros, and less than a bottle of it cured him so that he could go his rounds by himself.

"How many bottles did I take? Well, one bottle did most of the business for me, but I wanted to kill my old tormentor completely, and so I kept on till I had taken four bottles. Now I come to town every day in all weathers. No storm or cold makes any difference with me. I am free from rheumatism. If it were to attack me again I would take Athlophoros and be done with it."

Thus the mystery is explained. The disappearance was natural enough. The old tormentor, Rheumatism, is put to flight by Athlophoros, the popular remedy for which all the best druggists now find a large and increasing demand.

OFFICIAL PAPER COUNTY AND CITY.

THURSDAY, APRIL 9, 1885.

POPE LEO is seriously ill.

PRESIDENT CLEVELAND seems to be running this administration.

IN the face of the fate of the New York postmaster, no other republican officials should question the president too severely to ascertain the cause of removal.

MR. BEMOROFF'S gattling gun is pointed on all people who misrepresent the city finance, but the city treasurer asks us to say he does not countenance the personal abuse of republicans who criticise the affairs of the city. He rather desires to reason with them and convince them of their error.

PRESIDENT CLEVELAND abhors petition fiends. When he was mayor of Buffalo some crank circulated a petition asking for his resignation. His best friends signed the paper without stopping to ask what it was. Since then Mr. Cleveland takes no interest in petitions and office seekers circulating white paper may as well save themselves the labor.

*POPULAR PRIMARY NOMINATIONS.*

The City Democratic Central committee convenes to-night to arrange a date and plan for the nomination of candidates for the elective municipal offices. The proceedings of the last committee meeting are familiar to the members and the democratic voters generally. Then there was expressed and decided opposition to the delegate system, but the central committee did not desire to assume the responsibility of changing the plan of organization and agreed to submit the matter to the people, from whom all power springs. The ballots deposited at the succeeding primary election for delegates were certainly for popular or primary nominations—at least the convention system received no support whatever. In view of these potent facts it is clearly the duty of the central committee to bow submissively to the expressed wish of the people and issue a call for the nomination of candidates directly by the people. The plan, at least, merits a trial and the voters are not in temper to submit to anything but an honest test of the system. It is not more susceptible to fraud than the delegate system. The same and probably a more rigid pledge of democracy will be required of all who participate in the primary nomination. No man will dare to vote, or seek the privilege, who did not support the democratic presidential candidates at the last November election. THE SENTINEL has no interests to subserve in urging popular nominations, other than the continued good management of the city, submission to the will of the people and the success of the democratic party. Therefore it hopes the committee will express itself on this important question with no uncertain sound.

*Monroeville Items.*

Hood's Sarsaparilla is prepared by C. E. Hood, apothecaries, Lowell, Mass., who have a thorough knowledge of pharmacy and many years practical experience in the business. It is prepared with the greatest skill and care under the direction of the men who originated it. Hence Hood's Sarsaparilla may be depended upon as a thoroughly pure, honest and reliable medicine.

Baltimore next Fourth of July will honor the memory of Francis Scott Key, the author of "The Star Spangled Banner."

Merit alone is what Mishler's Herb Bitters presents as its qualification for the approval of a fair-minded public. We could fill this paper with testimonials of thousands who have been saved from the grave by the judicious use of Mishler's Herb Bitters. Nor is this mere babble. We can show to those who doubt, and who will take the trouble to examine our letter files, that we have not told all. Try it for dyspepsia. It will cure you.

Washington, D. C., has seven engines and two ladder trucks.

The famous temperance lecturer, John B. Gough, says, Jan. 15, 1885: "For many years, Pond's Extract has been my companion in my extensive travels in Europe and America. For sore throat, especially when tending to ulceration, I have found it very beneficial. I have found it invaluable also for bruises, chafings, irritation of the skin, etc." It is the people's great remedy for all sorts of pains and inflammation. Sold everywhere, by all respectable druggists. Be careful to get the genuine.

OLDEN TIMES

*The formula by which Mishler's Herb Bitters is compounded is over two hundred years old, and of German origin. The entire range of proprietary medicines cannot produce a preparation that enjoys so high a reputation in the community where it is made as*

MISHLER'S HERB BITTERS.

*It is the best remedy for* ***Kidney and Liver Complaints, Dyspepsia, Cramp in the Stomach, Indigestion, Malaria, Periodical Complaints,*** *etc. As a* ***Blood Purifier,*** *it has no equal. It tones the system, strengthening, invigorating and giving new life.*

The late Judge Hayes, of Lancaster Co., Pa., an able jurist and an honored citizen, once wrote: "Mishler's Herb Bitters is very widely known, and has acquired a great reputation for medicinal and curative properties. I have used myself and in my family several bottles, and I am satisfied that the reputation is not unmerited."

WHITE SEAL BURNING OIL

The New York board of health estimates that 9,000 lives have been destroyed by the explosive qualities of petroleum. If every household would adopt the White Seal oil for family use, none of these unfortunate accidents would occur.

WHITE SEAL BURNING OIL

has none of the defects usually found in common oils. It cannot be exploded, does not char the wick, will not smoke, emits no offensive odor, and prevents the breaking of chimneys.

WHITE SEAL BURNING OIL

is a rich oil for illuminating purposes. It is as light in color as pure water. It gives a strong steady light, and burns much longer than common oils.

If this oil is not sold in your vicinity, send your order direct to us for a barrel or a case containing two five gallon cans.

# HOPE!

A young man named John Naves, living near here, had an eating cancer on his face, which had eaten away his nose, part of his cheek, and extended up nearly to his eye. It was one of the most angry eating sores that I had ever seen. His throat finally became involved to such an extent that he could only swallow liquid food. After using all the remedies without checking the ravages of the eating cancer, his general health was broken down, he was confined to his bed, and thought it to be only a question of time about his death from the cancer. I put him on Swift's Specific as a last resort, and he began to improve with the first dose. His general health improved at once, and rapidly; his throat got well; the ravages of the cancer were soon stopped; it began to heal around the edges; and after a few months treatment with S. S. S. he has gotten entirely well. His face is all healed over with new flesh, and his general health is excellent. His recovery is wonderful. M. F. CRUMLEY, M.D.

*Snatched from the Grave.*

Mrs. Sarah E. Turner and her mother, Mrs. P. E. Bryan, for nineteen years residents of Humboldt, Tenn., make the following statements as to the merits of Swift's Specific. Mrs. Turner's case is well known in this community. She says:

"I was afflicted for two or more years with Eczema and Erysipelas combined. My whole system was broken down, my strength and appetite gone, and I became as helpless as a child, being lifted from place to place by my friends. I was treated by the best physicians in the community with Iodine of potash and the other usual remedies for such cases. I was given up to die by my friends. My sufferings were beyond description, and I had lost all hope of recovery. Last January I was induced to try Swift's Specific, having received a pamphlet from the company detailing its merits. The first half dozen bottles had the effect to bring back hope to my heart, and the thought of being well again brought joy and gladness to the household. I have taken altogether 21 bottles. The sores have all healed up and disappeared; my strength has returned, and I am able to do all kinds of housework. Swift's Specific, I honestly believe, snatched me from the grave, and I do not know how to be grateful enough for my recovery.

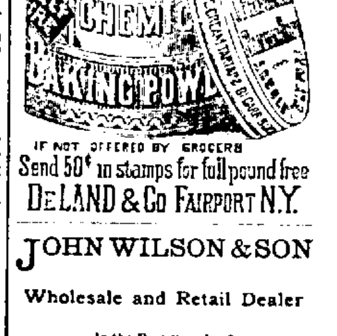

MRS. SARAH E. TURNER."

I know that S. S. S. has saved my daughter's life. She was the most wretched looking object that I ever saw when she commenced taking it, being perfectly helpless. I thank God that we heard of it. It has saved my child.

## SOME RECENT APPOINTMENTS.

**Portraits of Men Who Will Fill Important Federal Positions.**

JOHN D. C. ATKINS.

Mr. Atkins, the new Indian commissioner, will be 60 years old in June. He is a native of Tennessee, received a collegiate education, and began business life at the profession of law. When 24 years old he was a member of the Tennessee house of representatives, and at 30 a member of the state senate. In 1857 he was elected to congress. During the war he was a member of the confederate congress. He was again a member of the United States congress from 1873 to 1877. He has always taken pleasure in farming, at which occupation he has spent his time during the intervals from public duties, and where the call from the president found him.

**The Lime Kiln Club Prospers.**
(Detroit Free Press.)

"Gem'len," said the president as the cash box was about to be passed, "I want to remark a few observashuns. Somebody has bin frowin' buttons, nails an' punched nickels into de contribushun box. De alverage receipts hev also steadily decreased fur de past three months. I am gwine ter foller dat box wid hoaf my eyes to-night, an' de fust button drapped inter it will be de signal fur dis floah to settle three inches. I doan' ax you to rob yourselves, but I want it distinctly understood dat at least a dozen of us kin detect de difference between de chink of a nickel and a quarter."

The box was then passed in a slow and impressive manner by Sir Isaac Walpole, and the receipts counted up over $13—being a clear gain of $7 over the previous meeting.

**Assistant Secretary of the Interior.**

HENRY LOWNDES MULDROW.

Henry Lowndes Muldrow, the assistant secretary of the interior, and acting secretary and member of the cabinet during the sickness or absence of the secretary, was born in Lowndes county, Miss., and is close on to 50 years of age. He graduated at the Mississippi university, at Oxford, and received the degree of A.B. in 1856 and L.B. in 1858. He was admitted to the bar in 1859. He entered the confederate army in 1861, and surrendered as a colonel of cavalry at Forsyth, Ga., in 1865. He was elected district attorney for the Sixth judicial district of Mississippi, and held the office from 1869 to 1871; was elected to the state legislature in 1875, and to the Forty-fifth national congress from the First (Miss.) district as a Democrat, and re-elected to the Forty-sixth, Forty-seventh and Forty-eighth congresses.

**Not Necessarily for Publication.**
(Hartford (Conn.) Times.)

The New London Day, which has twice recently erred in announcing the death of people, gives notice that hereafter any young man bringing news of a death at an hour so late as to make verification impracticable, must be accompanied by the remains, not necessarily for publication, but as a guarantee of good faith.

**Appointment Clerk of the Treasury.**

EUGENE HIGGINS.

Though the position which Mr. Higgins has been chosen to fill is a comparatively unimportant one, his appointment has attracted as much attention through the discussion of his past record that his portrait, which is supposed to be an index of character, may enable the reader to form his own opinion in regard to him. Mr. Higgins is just 30 years old, and was born and raised in Baltimore, Md., graduating from Georgetown college with the highest honors. He early entered a mercantile life, and is said to be one of the most expert accountants in the country. He has served as a member of the Baltimore city council, and has been a member of the legislature of Maryland, and later was secretary of the senate of that state.

**He Found His Nose Out of Joint.**
(South Clinton Gazette.)

Young Blabbitt has been making calls at stated intervals for some time. Last Sunday night he called, as usual, and after waiting an hour in the parlor the girl's little brother came in and in a rather sheepish manner asked to see Blabbitt's nose.

"See my nose!" exclaimed Blabbitt. "What do you want to see my nose for?"

"Well, Pleomer Plunkitt was over last night and Maria promised to marry him and ma said she thought you'd find your nose out of joint when you called again."

A NEW native Indian journal has, according to the Madras *Athenæum*, been started for the express purpose of advocating the remarriage of Indian widows and the reduction of the wedding expenses, which Indian custom renders costly. In a recent number of the new organ we are told seven Hindoo widows announce their readiness to re-enter the marriage state. In one case the widow is only 12 years of age, and her father is anxious to betroth her to a Bengali gentleman.

*POISON AT THE FRONT DOOR.*

No article entering so generally into the food of every family has been found more villainously adulterated than baking powder. For the purpose of underselling those powders of absolute purity and wholesomeness which alone are safe for use in food, hundreds of dealers are putting up baking powders with cheap and adulterated cream of tartar, which contains lime, earth, etc., adding strength by the free use of alum.

These adulterated powders are shoved upon the public with the greatest persistency. They are first given away—left in samples at private residences, with circulars containing bogus analyses and certificates, and false representations as to their value, etc. This fact of itself is sufficient to condemn them. A first class article will sell on its merits. No manufacturer whose goods are of value can afford to give them away, and none but the cheapest make and most inferior or unmarketable goods require to be distributed free in order to get the public to use them, and this method is adopted only by parties who have failed to dispose of their wares through the ordinary and legitimate channels of trade.

Free samples of articles of food left at the door should be regarded with suspicion. There is no guarantee of their wholesomeness, while there is real danger that they contain a fatally poisonous compound. Many instances of poisoning from the use of such samples are recorded.

The only safe way is to consign such samples immediately to the ash barrel, and to turn a deaf ear to the statements made by their venders. It is not worth while to trifle with life and health to the extent of testing every doubtful baking powder that comes along. Better to rely upon an old and reliable brand, like the Royal, which has by a quarter of a century's constant use proved its perfect wholesomeness and efficiency, or some other brand that is not so worthless and cheap that its proprietors can afford to give it away by the cart load. It is in its favor that the Royal Baking Powder is never given away, sold by means of lotteries, nor accompanied by spoons, chromos, crockery or other gifts, except the gifts of absolute purity, wholesomeness, full weight and superlative leavening power. Its own merits have been its chief advertisement and they have secured for it the constant patronage of the American people to an extent beyond the combined sales of all other baking powders. The Royal Baking Powder is certified by all the government chemists as absolutely pure and perfect.

# Fort Wayne Paint and Color Works,

## No. 12 West Columbia Street Fort Wayne, Indiana.

# To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinder of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 33⅓ per cent. O.L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1856, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

It is stated that about seventy-five cars of manifest freight from Chicago are delivered daily at Newton from the Chicago and Atlantic to the Wabash, under their joint trackage arrangement. ### *Burglars Arrested by Sheriff Nelson.*

Sheriff Nelson and Ed Clausmeyer last night succeeded in bagging the young men who burglarized the McKinnie house. The thieves are Billy Baker and Henry Manning, and were locked in a room at 55 East Main street. Manning fought every inch of the distance to the jail and the sheriff and his assistant had a tough time putting the young men behind the bars. An overcoat and 600 of the 6,000 cigars stolen were recovered. Frank Fitzgerald purchased some of the smokers. Mr. Nelson is a holy terror to criminals and none escape his clutches.

### *IT IS IN DEMAND.*

*The Lackawanna Company Seeking Control the Nickel Plate Road. The Lake Shore Watching Its Progress.*

It is beyond dispute that the Lackawanna company is seeking to obtain control of the Nickel Plate, and the meeting of bondholders held at Broker Heath's office, in New York, was understood to be its first move in that direction. It has been said that a road without terminals was not desirable property except to the road that has so far furnished that want, but the Lackawana would not be at a disadvantage in that respect at the Buffalo end, while it is not doubted but that some arrangement other than now existing could be made at Chicago. The Western Indiana might find room for one more possibly, or some other road furnish the desired facilities for a consideration. It is not credited in railroad circles that any such program as is outlined by the Lackawanna people can be carried through. The Lake Shore has now invested in the Nickel Plate over $6,000,000, and its management could, if it had so desired, prevented the road going into the hands of a receiver. It may have been a bad investment, but it would be well-nigh fatal to the Lake Shore to let it fall into the hands of an active rival operating a through parallel road from Chicago to New York. There is too much at stake in the future, even if the Vanderbilt interest was willing to sacrifice what it has already cost it to allow it to pursue such a suicidal policy. There may be a lively fight before the foreclosure and reorganization are completed, but the issue of the struggle is hardly a matter of doubt, and it is safe to predict that the Nickel Plate will in the future as in the past be run in the interest of the Lake Shore.

### "Forlorn."

There are few things which make a body feel so utterly forlorn as chills and fever. The system is utterly run down by this wretched disease until life seems hardly worth living. At this stage comes in the blessing of Brown's Iron Bitters, concerning which Mr. Newell, of Tettington, Va., says: "For building up the system after it has been run down by chills and fever, and for a general tonic, I find nothing better." It gives entire relief in all cases.

The officials and agents of the Nickel Plate road well knew when they decided to run an excursion at this time that they were going to injure the Grand Army only, for they were aware the post had to guarantee a given number of passengers in order to secure a train. The railroad company lose nothing, the whole damage falls upon the Grand Army. Who wants to patronize a road that is trying to injure a benevolent order? It

### "Maryland, my Maryland."

"Pretty Wives,
Lovely daughters and noble men."

My farm lies in a rather low and miasmatic situation, and

My wife!

Who?

Was a very pretty blonde!

Twenty years ago, became

Sallow!

Hollow-eyed!

Withered and aged!

Before her time, from

Malarial vapors, though she made no particular complaint, not being of the grumpy kind, yet causing me great uneasiness.

A short time ago I purchased your remedy for one of the children, who had a very severe attack of biliousness, and it occurred to me that the remedy might help my wife, as I found that our little girl, upon recovery had

Lost!

Her sallowness, and looked as free has a new blown daisy. Well the story is soon told. My wife, to-day, has gained her old-timed beauty with compound interest, and is now as handsome a matron (if I do say it myself) as can be found in this county, which is noted for pretty women. And I have only Hop Bitters to thank for it.

The dear creature just looked over my shoulder, and says "I can flatter equal to the days of our courtship," and that reminds me there might be more pretty wives if my brother farmers would do as I have done.

Hoping you may long be spared to do good, I thankfully remain.
